ENCINITAS EDUCATIONAL FOUNDATION

LOCAL FAMILIES NEED YOUR HELP!

The COVID-19 pandemic has impacted our homes, our schools and our communities in ways we are just beginning to understand. While many of us struggle to manage the challenges brought on by school closures, workplace adjustments, and social distancing, the COVID-19 pandemic has further strained many of our local families through food insecurity, job loss, and housing uncertainty

Be Strong/Sé Fuerte is a collaborative effort led by the Encinitas Educational Foundation (EEF) to support those families most in need. Through financial contributions from our community, EEF will provide funding to impacted families through the Encinitas Union School District's Community Liaison Program.
